

To whom it may concern

I accept full responsibility for my actions and my crimes I've committed. I'm sorry for my actions. If I could change the past I would never have done what I did. I hope I get an opportunity to prove that I am better than who I used to be. Again I'm sorry for what I did and it will never ever happen again. Thank you for your time and consideration in my matter.

Sincerely Jaren Stennerson
